Dear Mr. Donahue and Mr. Adamchak,

The Delaware Public Service Commission ("Commission" or "PSC") is in receipt of the application (the "Application") by Mobilitie Management, LLC. ("Mobilitie" or "Company") for a certificate of public convenience and necessity ("CPCN") to provide local exchange telecommunications services in Delaware. In anticipation that all deficiencies for this filing have been remedied please publish notice of the filing as prescribed below.

Pursuant to 26 Del. Admin. C. §4001-4.3 Public Notice - Each Applicant, shall publish notice of the filing of the Application in one (1) newspaper(s) having general circulation throughout the county or counties where service is to be offered in a form to be prescribed by the Commission. The form of notice is enclosed and should be published, at the Applicant's expense, in two-column format outlined in black, in the legal section of the newspaper(s) having general circulation throughout the county or counties where service is to be offered as soon as practicable but on or before August 8, 2016.

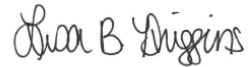

1. Please provide the Commission with the affidavit(s) of publication of the legal notice, which can be attached as a subsequent filing in DelaFile, the Commission's e-filing system, under Docket No. 16-0314
2. Please provide a notarized verification of the affidavits

Once the Applicant completes the above list, the Staff will present a memorandum to the Commission regarding the CPCN application and whether the Commission should grant to the Applicant a conditional CPCN to provide resold and facilities-based local exchange and competitive intrastate

telecommunications services. Before starting any business in the state, the Applicant will be required to file an interconnection agreement with the Commission.
